OBJECTIVE

Full Stack Developer with hands-on experience in MERN Stack and Full-Stack Application Development through Internships and Freelance projects. Skilled in building responsive web applications, RESTful APIs, and secure authentication systems. Seeking a Full Stack Developer role to build scalable software solutions and solve real-world challenges.

TECHNICAL SKILLS

Programming & Query Languages: JavaScript (ES6+), TypeScript, Python, SQL, C, C++

Frontend Technologies: React.js, HTML5, CSS3, Tailwind CSS

Backend Technologies: Node.js, Express.js, REST APIs, JWT Authentication

Database & Tools: MongoDB, MySQL, Docker, Kubernetes, CI/CD, Postman, Swagger, Git, GitHub, VS Code, Vercel, Render

EXPERIENCE

Full Stack Developer Intern | KreupAI Technologies LLC

Apr 2026 – July 2026

- Contributed to the development of a POS (Point of Sale) system using React.js, TypeScript, JavaScript and Node.js, implementing features across payments, transactions, receipts, gift cards, reporting and analytics modules
- Developed and tested RESTful APIs using Swagger and Postman, ensuring seamless frontend and backend integration
- Worked with Docker, Kubernetes and CI/CD pipelines to support application development, deployment and testing
- Performed end-to-end testing across application modules to ensure all features worked correctly before deployment
- Collaborated with team members to identify and resolve issues, optimize application performance and deliver new features

MERN Stack Web Development Intern | CodeLab Systems Mangalore

Jan 2026 – May 2026

- Developed full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, and Node.js)
- Built responsive user interfaces and integrated RESTful APIs to deliver seamless frontend and backend functionality
- Implemented JWT authentication, managed MongoDB operations and developed backend APIs for application features
- Tested APIs using Postman and collaborated with the team using Git/GitHub to ensure code quality and efficient development

FREELANCE PROJECTS

MS Ventures – Business Portfolio Website | React.js, TypeScript, Tailwind CSS, Vite, Vercel

Jan 2026 – Feb 2026

- Designed and developed a responsive business portfolio website based on client requirements
- Built reusable React components using TypeScript and implemented modern UI designs with Tailwind CSS
- Deployed the website on Vercel, configured a custom domain and collaborated with the client throughout project delivery

Prashasti Ventures – Business Portfolio Website | React.js, TypeScript, Tailwind CSS, Vite, Vercel

Mar 2026 – Apr 2026

- Developed and delivered a responsive business portfolio website using React.js, TypeScript, and Tailwind CSS
- Built reusable frontend components and ensured a seamless user experience across devices
- Managed the project independently from development and deployment to domain integration and launch

PERSONAL PROJECTS

VIDHIKPATH | JavaScript, CSS, Python, Django, HTML, MongoDB, FAISS, OCR, Gemini API

Jun 2025 – Dec 2025

- Designed an AI-enabled legal assistance platform to simplify access to legal information for users
- Processed and structured legal documents using text cleaning, chunking, and embedding techniques
- Implemented semantic search using FAISS to retrieve relevant legal content for AI-generated responses
- Built document summarization workflows using OCR and AI prompts
- Enabled location-based lawyer discovery using geolocation and database querying

Workly | React.js, JavaScript, Node.js, Express.js, MongoDB, JWT

Jan 2025 – Apr 2025

- Built a full-stack job portal where users can search jobs, companies can post jobs and admin can manage everything
- Created secure login and role-based access (user, company, admin) using JWT and backend APIs
- Designed a clean and responsive UI with React and connected it with a MongoDB database

EDUCATION

B.E. in Information Science & Engineering | CGPA: 7.0

2022 – 2026

A J Institute of Engineering and Technology

CERTIFICATIONS

Data Analytics – Deloitte • Azure Fundamentals – Microsoft • JavaScript – Infosys Springboard
